

AntSensorParameters

```
classDiagram
    class AntParameters
    class AntSensorParameters
    AntParameters ..|> AntSensorParameters
```

The diagram illustrates a generalization relationship between two classes. At the top is a white box labeled 'AntSensorParameters'. At the bottom is a gray box labeled 'AntParameters'. A dashed purple line connects the two boxes, with a solid purple arrowhead pointing from 'AntParameters' to 'AntSensorParameters'. To the right of the dashed line, the text 'antSensorParameters' and 'antSensorParameters2' is displayed, likely representing attributes or methods associated with the generalization.
